APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of cattle served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0155 cubic feet per second, or sufficient water to water 500 head of cattle.

Actual construction work shall begin on or before August 20, 1967
Proof of commencement of work shall be filed before September 20, 1967
Work must be prosecuted with reasonable diligence and be completed on or before August 20, 1968
Proof of completion of work shall be filed before September 20, 1968
Application of water to beneficial use shall be made on or before August 20, 1969
Proof of the application of water to beneficial use shall be filed on or before September 20, 1969
Map in support of proof of beneficial use shall be filed on or before
